FULLSTACK DEVELOPER

Experienced Full-Stack Developer with 4 years. Skilled in leading projects from start to finish, building React front-ends with C# and Node.js backends.

Open-minded and committed to staying updated, I love the intellectual growth that comes with coding. I'm deeply passionate about continuously embracing new technologies and the evolution they bring. Demonstrated through involvement in volunteering at Ichilov Hospital and organising Chabat events for youth communities in TLV

TECH SKILLS

Front-end	Back-end	Others
React	NodeJS	AWS
Javascript	C#	Docker
Typescript	SQL	Jira
HTML/CCS	Postgres SQL	Git
Shopify	MANGO DB	REST APIs

VOLUNTEERING

Hospital Support Team Coordinator

Ezer Mizion

Providing Comfort and Food Assistance to Hospital Services

Leader Youth Community Tel aviv

Lev Israel

Organisation of Chabbatot with 100 youngers

WORK EXPERIENCE

Fullstack Developer

Veepee France (ISRAEL)

2020-Today

- Build a React Application from scratch that create a BackOffice interface that groups order management, Supplier Relationship Management (SRM) tools, and Inflow process associated with C# and Node.js backend.
- Development Shopify Plus website to build clothing resale store
- Implemented the Inflow system, which verifies parcels by cross-referencing barcode data with our PostgreSQL database. Upon verification, a Typeform is activated for factory workers to input item details. Enhanced automation of garment collection processes and optimized order management.
- Improved UI/UX by implementing responsive design techniques using styled-components and Material-UI, while also contributing to a shared UI company library through Storybook.
- Configured esLint/prettier, and to optimize development workflow and ensure code quality.
- Conducted unit testing with Jest and end-to-end testing with Cypress to maintain application reliability and functionality.

HED MAYNER

Account Manager and Supply Chain Assistant

2019-2020

HED MAYNER

- Created an Excel-based database for managing sales, operational expenses, and client information in order to improve communication, decision-making and company growth
- Operate with Zeedong for CRM implementation and automation of sales reports of 100 clients with international store (Dover Street Market, LVMH)
- Implement automatisisation system of logistic with warehouse company in France that help to manage stock and ship to worldwide client orders and raw materials (fabrics)

EDUCATION

Full-stack Coding Bootcamp - ITC
